INDEX 22
Goodfellow is well known as a specialist supplier of small to medium size quantities of metals, alloys, ceramics, polymers and other materials to meet the research, development and specialist production requirements of science and industry worldwide. We realise that "small" means different things to different people, but we consider small to mean any quantity from a few grammes to a few kilos.

Goodfellow offers two distinct services to meet the requirements of our customers:

- The first meets the needs of our customers who need small quantities of products from our standard range of materials within 24-48 hours.
- The second service is for those who require larger quantities or further processing of our standard products or who need an item which falls within our general area of supply expertise.

The range of materials offered by Goodfellow is extensive, as are the forms in which the various products are available. This Catalog provides a detailed overview of our standard products which are available from stock. Full details of all of these items, including prices and technical information, can be found in our web Catalog at www.goodfellowusa.com.

Materials

Metals and Alloys

Goodfellow supplies virtually all of the pure metals from Aluminum to Zirconium as well as a comprehensive range of alloys. Most are available in a variety of forms, including rod, wire and foil. The Catalog details those materials which are available as standard products from stock. Custom-made items are also available, so please contact us if you are unable to identify the item you require.

Ceramics

The ceramic materials offered by Goodfellow have been carefully chosen and include both the established as well as more recently developed products. All are available as either standard or custom-made products in a variety of forms and sizes. The Catalog details those items which are available from stock. For ceramic components made to customer drawings, our Ceramic and Glass Division would be delighted to help. Please visit www.goodfellow-ceramics.com for further information.

Polymers

The range of polymers supplied by Goodfellow is broad and includes both the familiar as well as some of the more unusual or recently developed materials. The Catalog details those items which are available from stock; please contact us if you are unable to find the item you specifically require.

Compounds & Intermetallics

Goodfellow can supply aluminides, borides and silicides as well as other intermetallics and compounds. The majority of these items are made to order, and the Catalog details those which are available. Please contact us with details of your requirements.

Composites

Some examples of these materials are listed in the Catalog. As some of these are manufactured on a custom-made basis, please contact us with details of your requirements.

Glasses

Goodfellow offers two distinct types of glass products. The first are generally silica-based and transparent. Generally, these products are made to order for customers, so we do not list them in our Catalog, however, they are available through the Goodfellow Ceramic and Glass Division. Please contact us with your requirements.

The second type of glass product is commonly referred to as "metallic glasses" or "glassy metals". In contrast to crystalline metals and alloys with highly ordered atomic structures, these are non-crystalline (amorphous) metals or, more usually, alloys. Our Catalog details those glassy metals which are available from stock; please contact us if you are unable to find the item you specifically require.
**Bar**

A straight length of rectangular, square or oval section material.

**Tolerances**

<table>
<thead>
<tr>
<th>Section dimensions:</th>
<th>≤ 10mm</th>
<th>± 10%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Length:</td>
<td>&lt; 100mm</td>
<td>± 1mm</td>
</tr>
<tr>
<td></td>
<td>≥ 100mm</td>
<td>+ 5% / -1%</td>
</tr>
</tbody>
</table>

**Bolt**

A threaded pin that can be screwed into a nut or a tapped hole to fasten items together. Bolts are available with different head styles and also in metric and inch-threaded sizes.

**Tolerances**

See item

**Chopped Fiber**

Fibers cut into short lengths called cut, staple or chopped fiber.

**Tolerances**

| Fiber diameter: | ± 10% |
| Number of strands: | ± 10% |
| Tex number: | ± 10% |
| Length: | + 5% / -1% |

**Crucible**

A vessel in which other materials may be heated or melted, usually at high temperatures.

**Tolerances**

| Height: | ± 10% |
| Inside Dimensions: | ± 10% |
| Outside Dimensions: | ± 10% |

**Fabric**

Woven fabrics are made by the regular interlacing of two arrays of yarns at right angles to each other, these being referred to as the warp and weft (see also Non-woven fabric).

**Tolerances**

| Fabric thickness: | ± 25% |
| Number of yarns: | ± 10% |
| Tex number: | ± 10% |
| Size (linear dimension): | < 100mm | ± 5mm |
| | ≥ 100mm | ± 5% |

**Fiber**

Yarns or tows consisting of several approximately parallel individual filaments, each filament usually being smaller in diameter than a monofilament. Yarns contain a defined number of filaments, typically three to several hundred; tows contain thousands of filaments whose number is only defined approximately. Both are primarily specified by their linear density measured in "tex", the weight in grams of a 1km length of material.

**Tolerances**

| Fiber diameter: | ± 25% |
| Number of strands: | ± 10% |
| Tex number: | ± 10% |
| Length: | + 5% / -1% |

**Film**

A non-metallic sheet material with a thickness < 0.5mm.

**Tolerances**

| Thickness: | ± 20% |
| Size (linear dimension): | < 100mm | ± 1mm |
| | ≥ 100mm | + 2% / -1% |

**Flake**

Flat, irregularly shaped pieces of material. A maximum flake size is indicated but individual flakes may vary greatly in size.

**Tolerances**

Dimensions shown are nominal
**Foam**

A low density, permeable structure of cells and continuous ligaments offering a high surface area to volume ratio, and also a high strength to weight ratio. Owing to the nature of this material, dimensions are nominal.

**Foil**

Thin sheets of pure metal and metal alloys. Due to their fragile nature, some foils are coated on one side with an acrylic or polyester support. Where foils are supported they are indicated in the detailed item description.

**Tolerances**

- Thickness: $< 0.010mm$ ± 25%
  - 0.01-0.05mm ± 15%
  - $> 0.050mm$ ± 10%
- Size (linear dimension): $< 100mm$ ± 1mm
  - $> 100mm$ ± 2% / -1%

**Granule**

Pellets of an approximately regular shape. Granules may vary in size and, therefore, the dimensions stated are nominal. In addition, the shape of a granule may vary from item to item.

**Tolerances**

- Dimensions shown are nominal

**Honeycomb**

A cellular structure similar in appearance to natural honeycomb. Owing to the nature of this material, dimensions are nominal.

**Insulated Wire**

A single or multiple flexible strand of metal or alloy with an insulating sheath.

**Tolerances**

- Wire diameter: ± 10%
- Length: ± 5% / -1%
- Insulation thickness: Nominal values only

**Laminate**

Layers of material which have been bonded together by the use of heat, pressure and, possibly, adhesive.

**Tolerances**

- Thickness: ± 10%
- Size (linear dimension): $< 100mm$ ± 1mm
  - $> 100mm$ ± 2% / -1%

**Lump**

A solid piece of material with no defined shape.

**Tolerances**

- Dimensions shown are nominal

**Mesh**

Mesh is available as either a woven wire or electroformed product; in all cases, the quoted aperture sizes are nominal. Wire mesh: a material which is woven from metal wires to provide a thin grid with a regular series of holes. Electroformed mesh: a product made by electroplating the mesh geometry through a mask onto a substrate which is subsequently etched away.

**Tolerances**

- Thickness: woven: ± 10%
  - ± 20%
- Wire diameter: ± 10%
- Size (linear dimension): $< 100mm$ ± 1mm
  - $> 100mm$ ± 2% / -1%

**Metallized Film**

Film which is coated with a metal. The thickness of the metal is measured and described in terms of the material’s specific electrical resistance in ohms per square.

**Tolerances**

- Thickness: ± 10%
- Size (linear dimension): $< 100mm$ ± 1mm
  - $> 100mm$ ± 2% / -1%
Microfoil
An extremely thin sheet of metal or alloy mounted on a permanent support. This support cannot be removed without destroying the Microfoil.

Tolerances
- Thickness: ± 30%
- Size: ± 20%

Microleaf
An extremely thin sheet of metal mounted on a removable support. Microleaf is not available for metals which are too brittle to be free standing.

Tolerances
- Thickness: ± 30%
- Size: ± 20%

Monofilament
A single strand of a non-metallic material.

Tolerances
- Diameter: ± 20%
- Length: +5% / -1%

Non-Woven Fabric
Non-woven fabrics are made by methods other than weaving or knitting, the yarns and fibers being held together, often quite loosely, by means other than geometric interlacing. Due to the open and porous nature of this material, all other dimensions are nominal.

Tolerances
- Size (linear dimension): <100mm ± 5mm
  ≥100mm ± 5%

Nut
Generally a flat piece of material with a threaded hole which can be screwed onto a bolt to fasten items together. Nuts typically have a hexagonal external shape. Nuts are available in metric and inch-threaded sizes.

Tolerances
- See item

Powder
Small particles with an approximately defined size range. Those materials described as alloy precursors are not true alloys - they are made by sintering a blend of powders of the component metals to achieve alloying by diffusion. The resultant cake is ground and sieved to the required particle size range. Unless otherwise stated, the particle sizes shown are for guidance only. We do not guarantee either any particular size distribution between the quoted minimum and maximum sizes, or a specific particle shape.

Tolerances
- Dimensions shown are nominal

Rod
A straight length of circular section material.

Tolerances
- Diameter: ≤10mm ± 10%
  Polymer +20%/-10%
  Ceramic +20%/-10%
  >10mm ±5%
  Ceramic +20%/-10%
  Polymer +20%/-10%
- Length: <100mm ±1mm
  ≥100mm ±5% / -1%
Sheet

Flat material with a thickness > 0.5mm.

**Tolerances**

- **Thickness:**
  - Ceramic: ± 10%
  - Composite: ± 20%
  - Polymer: ± 20%

- **Size (linear dimension):**
  - < 100mm: ± 1mm
  - ≥ 100mm: ± 2% / -1%

 Tube

A hollow length of material normally circular in section. Most tubes are straight except those made of flexible polymer.

**Tolerances**

- **Outside diameter:**
  - ≤ 2mm: ± 0.05mm
  - > 2mm: ± 0.1mm

- **Wall thickness:**
  - Polymer: ± 10%
  - Ceramic: ± 10%

- **Length:**
  - < 100mm: ± 1mm
  - ≥ 100mm: ± 5% / -1%

Single Crystal

A material grown as a monocrystal, generally to a specific orientation, dimension and surface finish. It may contain a dopant. Single crystals are usually made to order.

**Tolerances**

- **Orientation:** ± 3°
- **Size:** Sizes shown are nominal

Sphere

A regular solid or hollow three-dimensional form in which every cross-section is a circle. Spheres are available with standard or precision tolerances, and can be supplied with different surface finishes depending on the material.

**Tolerances**

- **Diameter (standard):** ± 5%
- **Diameter (precision):** see item

Washer

A thin, flat piece of material with a hole in the middle, used in conjunction with bolts and nuts to distribute the load of a threaded fastener.

**Tolerances**

See item

Sputtering Target

A high purity material used as a source for sputtering, a cold vaporization process in which atoms are physically removed from the target surface by ion bombardment.

**Tolerances**

- **Thickness:** ± 0.5mm
- **Size:** ± 0.5mm

Wire

A single or multiple flexible strand of pure metal or alloy.

**Tolerances**

- **Wire diameter:** ± 10%
- **Length:** ± 5% / -1%
HAZARDS
All materials listed in this catalog, whatever the quantity supplied, are sold for research or development purposes. We make no warranty that the materials are fit for a particular purpose. In purchasing materials from this catalog, customers should be aware that there may be hazards associated with their use and in the handling of them. Complete toxicological or hazard investigations are the responsibility of the customer. Ingestion or contact with the human body may be harmful. The responsibility for the safe use of our products rests with the customer. All materials should be handled by qualified personnel familiar with laboratory procedures and who are familiar with the nature of the material and any necessary precautions which should be taken in the handling, use and storage of the products. The customer shall be responsible for the control and use of the products offered in this catalog whether alone or in combination with other articles or substances or in any other manner whatsoever.

HAZARD SYMBOLS

Corrosive
Chemicals which may destroy living tissue when in contact with them.

Dangerous when wet
Chemicals which, in contact with water or damp air, evolve highly flammable or toxic gases and vapours in dangerous quantities.

Explosive
Chemicals which may react exothermically without atmospheric oxygen, quickly evolving gases, and which under defined test conditions detonate, quickly deflagrate or upon heating explode when partially confined.

Extremely Flammable
Chemicals which when finely divided (small particle size) are liable to ignite spontaneously.

Harmful
Chemicals which may cause death or acute or chronic damage to health when inhaled, ingested or absorbed via the skin.

Highly flammable
Chemicals which will ignite after contact with flame, or which will evolve highly flammable gases in contact with water.

Irritant
Non-corrosive chemicals which, through immediate, prolonged or repeated contact with the skin or mucous membrane may cause inflammation.

Radioactive
Chemicals which will emit ionising radiation without being subject to irradiation. General precautions for Toxic chemicals apply to those of low activity. For chemicals of medium or high activity special regulations apply.

Toxic
Chemicals which may cause death or acute or chronic damage to health when inhaled, ingested or absorbed via the skin.

Very Toxic
Chemicals which in low quantities cause death or acute or chronic damage to health when inhaled, ingested or absorbed via the skin.
Analyses

Typical Analysis:
Where appropriate a typical analysis is given. All figures are parts per million (ppm) by weight unless otherwise stated. It must be emphasised that this data is "typical" and no guarantee is given that the material supplied will conform to these analyses. The compositions shown under alloy headings are generally weight percent. Exceptions are the glassy alloys and the rare earth magnets where the convention of using atomic ratio is followed.

Purity
Purities listed are quoted with respect to total metallic impurities. Typical analyses may give additional information about likely non-metallic impurities.

High Purity
For materials described in the catalog as High Purity, the actual analysis of metallic impurities will be supplied free of charge. For other items, an actual analysis can be supplied and a charge will be made for the analysis and for the sample used.

If you require an analysis please tell us whether you require analysis of metallic impurities only or metallic and gaseous. Where an analysis is required the shipment of your order may be delayed.

Supports
Some items from our range of foils need to be supported on one side of the foil to enable both you and us to handle these very delicate materials. Two types of support can be used, the choice being governed by the material. Wherever possible we use a temporary support, a permanent support only being used when the material is brittle (for example Chromium or Manganese).

The temporary support is Acrylic, approximately 0.2mm thick. This may be removed by dissolving in 2-Propanone (Acetone).

Our permanent support is Polyester, thickness 0.125mm, which is hot-press laminated to one face of the foil. It cannot be removed without destroying the foil.

Microfoil is mounted on a permanent 3.5μm polyester support. This support cannot be removed without destroying the Microfoil.

Microleaf is mounted on a specially treated support which allows separation of the metal film from the support. Full instructions on the method of removal are issued with each Microleaf supplied.

Light Tight (LT) & Not Light Tested (NLT)
Light tight (LT) foils are supplied without visible pinholes after examination without magnification. Foils 0.025mm or more in thickness are supplied LT unless otherwise stated.

Foils less than 0.025mm thick are normally supplied Not-Light Tested (NLT), and will normally contain pinholes but may occasionally be free from pinholes. Foils less than 0.025mm in thickness can often be supplied LT but may incur additional charges. Please specify if you require LT foils.

Vacuum tight
Vacuum tight foils show no detectable leakage when tested with a helium mass spectrometer with a sensitivity of 10^{-9} atm-cm^3.s^{-1}.

Continuous Lengths
If you require material in continuous lengths please tell us when you place your order. Unless otherwise specified, we reserve the right to supply in more than one length.

Technical Data and Information
All information and technical data are given as a guide only. Although every effort has been made to ensure that the information is correct, no warranty is given as to its completeness or accuracy.

Tolerances
For details of our standard tolerances, please refer to the Product Description section. In many cases, closer tolerances are available but may be subject to an extra charge. If you have any special requirements it is important that you tell us at the time of ordering. This includes special tolerances, dimensional uniformity or any other special requirement which you may have (for example edge finish, packaging, labelling etc.). Please indicate precisely what is required and we shall do our best to meet your specification.
General Information

There are over 70,000 stock packs listed and if you cannot find what you need amongst them, please ask for special sizes, thicknesses, tolerances, dimensions or larger quantities. We are also able to offer many other pure metals, alloys, polymers and ceramics to special order.

Prices

All the prices listed are total (lot) prices for the sizes and quantities listed.

Prices shown are in US$ and include free delivery by our standard 48 hour service except for those items marked as "special offer" or dangerous goods with transport restriction. Prices are subject to change without notice and orders will be invoiced at prices ruling on the date of despatch.

Transport Restriction

Some of the materials supplied by Goodfellow are subject to special transport restrictions. Additional shipment charges may apply which are dependent on destination. Please check the individual item on our website or contact us for details of the charges.

If you intend to have the material transported or sent onwards please ensure that you are aware of the relevant transport restrictions.

Delivery

Delivery by UPS or Federal Express is included in the prices, although alternative methods may be used depending on the materials ordered.

Split Shipment

All orders are accepted for one shipment on one date to one address. A charge will be made for split shipments made at the customer's request.

Special Analysis, Supports or Tolerances

An extra charge is made for non-standard supports, alternative tolerances and certificates of analysis. The analysis is free of charge for items marked "High Purity".

Cancellations

A charge for cancellation of orders may be made. The amount will depend on the circumstances.

Express Service

Please inform us if you need to have your goods shipped urgently. An administrative charge will be made for this service, details can be found on our website.

Shipment

We aim to have all items listed in this catalog in stock in the quantities and sizes listed. We can only undertake to ship an order on a particular date. The date of delivery at the customer's address is subject to the normal variations of the delivery service used.

Despatch

Orders will normally be shipped within 48 hours of receipt.

Non-delivery

If we have notified you of the shipment of goods and you have not received delivery within 5 days, please contact us.

Insurance

All consignments will be insured by us against the usual risks unless we are instructed in writing to the contrary.

Export Restrictions

A UK Government export licence may be required for some items to some destinations. If the item you require needs a special export licence or an end-use statement we will inform you at the time you order.

Materials Handling

Many of our materials are extremely delicate and it is essential every care is taken when handling them. Special attention is drawn to the extreme fragility of Microfoil, Microleaf and thinner and finer materials.

All materials are carefully packed to ensure safe transport of goods to your address. We do not accept responsibility for damage caused by mishandling once the outer transit packaging has been removed.

Terms of payment

Our normal terms of payment are net 30 days from date of invoice. Any alternative terms of payment are to be agreed with us in writing at the time of placing an order. Customers may be asked to pay cash with order or cash against pro-forma
invoice with their first order. In order to establish a credit account we will require details of your bankers, along with two trade references.

Credit account
We endeavour to keep our costs down and customers are requested to pay our invoices on time. We reserve the right to delay delivery if there are overdue invoices on the account. Accounts which remain unpaid beyond the due date may incur an interest charge at a rate of 2% per month.

Credit card payments
We also accept payment using the following credit and charge cards:
Mastercard, VISA and American Express.

VAT
VAT number for Goodfellow Cambridge: GB 212 8527 79

UK
VAT will be added to the invoice at the rate ruling at the date of invoice. Where a customer is exempt, VAT will be charged unless we receive a copy of the exemption form at the time the order is placed.

EU
Customers registered for VAT who provide their local registration number will not be charged UK VAT.
Customers who are exempt from VAT will not be charged UK VAT provided we are given a copy of their exemption form at the time the goods are ordered.
Customers not registered for VAT or who fail to give us their registration number will be charged UK VAT at the current rate.

Export
All exports to countries outside the EU are zero-rated for UK VAT unless the invoice is being paid from within the EU.

Return of goods
We will only accept return of goods provided we are contacted BEFORE the goods are returned. When we agree to the return we will issue a Goods Return Number and give instructions for the method of return of the goods. Goods will not be accepted for return without a valid Goods Return Number. Due to the nature of some of our materials, it is imperative that you check any possible transport restrictions with your proposed freight company.

Claims
Great care is taken during manufacture and packing and all items are carefully inspected before shipment. Any claim in respect of short delivery, incorrect material or defective quality must be notified to us in writing within three days of delivery. Please retain ALL packaging for our inspection. Our liability for any such claim shall not exceed the cost of replacement of the goods free of charge, or crediting the customer with the invoice value thereof.

Goods ordered in error
We do not accept responsibility for customers’ errors in ordering. The amount of credit for returned goods will be at our discretion. Where we accept returned goods a restocking charge will be made.

Conditions of sale
All orders, contracts and quotations are subject to our standard terms and conditions of sale.
Information and statements provided are indicative only and do not form part of any offer or contract.

Exclusions
We supply materials according to our specification. All conditions warranties and representations regarding the quality, fitness for purpose or state, size, shape, capacity or color of goods supplied whether expressed or implied by common law or statute or otherwise are hereby expressly excluded. We shall not be liable for any damage direct or consequential arising from the use of goods supplied by us however such damage is caused, nor for delay in delivery.

Law
Customers in the USA: Contracts between Goodfellow Corporation and the customer shall be deemed to be subject in all respects to the laws of the Commonwealth of Pennsylvania, or the United States of America.
Customers in France: Contracts between Goodfellow SARL and the customer shall be deemed to be subject in all respects to French law unless otherwise agreed in writing.
Order information

Customers in Germany: Contracts between Goodfellow GmbH and the customer shall be deemed to be subject in all respects to German law unless otherwise agreed in writing.

Customers in the UK and all other countries: Contracts between Goodfellow Cambridge Limited and the customer shall be deemed to be subject in all respects to English law unless otherwise agreed in writing.

Copies of our General Terms and Conditions are available upon request or can be downloaded from our websites at www.goodfellow.com or www.goodfellowusa.com.
Company Structure

The Goodfellow Group consists of five companies:

**Goodfellow Cambridge Limited**
Goodfellow was established in the City of London in 1946. The Company now has subsidiary operations in France, Germany and North America with the Group’s research laboratories, workshop facilities & central administration located in Huntingdon, England.

**Goodfellow Corporation**
Established at the same time as our associate company in Germany, Goodfellow Corporation was set up to service the requirements of our customers in the USA.

**Goodfellow GmbH**
Since 1989, this member of the Goodfellow group of companies has been serving the needs of our German speaking customers within Europe.

**Goodfellow SARL**
Goodfellow established an operation in France in 1993 to meet the needs of our French-speaking customers in Europe.

**Goodfellow (Shanghai) Trading Co., Ltd**
Goodfellow established a representative office in Shanghai in 2006, and in 2012 followed this with the creation of a fully-fledged trading company, servicing the research and specialist manufacturing requirements of the Chinese market.
Conditions of Sale

1 GENERAL

1.1 In these Conditions:  
1.1.1 the following expressions shall have the following meanings:-  
1.1.1.1 "Buyer": the individual firm company or other party from whom an order to supply Goods and/or Services is received by the Seller.  
1.1.1.2 "Conditions": the standard terms and conditions of sale of the Seller as set out herein and including any additional terms and conditions of sale agreed in writing by the Seller;  
1.1.1.3 "Contract": a contract for the Supply of Goods and/or Services by the Seller to the Buyer;  
1.1.1.4 "Date of Delivery": the date on which delivery of the Goods or Services takes place pursuant to Condition 7;  
1.1.1.5 "Goods": the goods which the Seller is to supply (or, in respect of which the Seller is to provide Services) under the Contract and includes any of them or any part of them and where the context so admits includes raw materials, processed materials and/or manufactured products whether processed or unprocessed.  
1.1.1.6 "Prepayment": a payment to be made by the Buyer pursuant to Condition 6.2 to be used at the Seller’s discretion for the purchase of materials and/or to cover any costs of any other overheads or costs relating to the supply of Goods;  
1.1.1.7 "Recommendations": the recommendations (if any) relating to the for Use* storage, handling, application and/or use of the Goods contained in the published literature of the Seller (or, if relevant, a Supplier) or any recommendations made in Writing by an authorised representative of the Seller (or, if relevant, a Supplier).  
1.1.1.8 "Seller": Goodfellow Cambridge Limited and any subsidiary or holding company or associate (as such terms are defined in the Companies Act 1985 (as amended)) of the said company.  
1.1.1.9 "Services": the work or services of any of them to be provided by the Seller under the Contract;  
1.1.1.10 *Supplier*: any person, firm or company who or which supplies materials to the Seller which are to be supplied to the Buyer;  
1.1.2 words importing the singular number shall include the plural and vice versa, words importing one gender shall include all genders, and words importing persons shall include bodies corporate, unincorporated associations and partnerships.

1.2 If satisfactory references and information on the Buyer are not provided within seven days of a request therefore by the Seller, or if, following the provision of such information, the Seller is unable to obtain satisfactory trade indemnity or similar cover in respect of its dealings with the Buyer, the Seller may terminate the Contract and any rights and liabilities of the parties shall be the same as if the Contract had been cancelled in accordance with the provisions of Condition 10.2.

1.3 The seller reserves the right to assign, sub-contract the Contract or any part thereof. The Buyer shall not be entitled to assign the benefit or burden of the Contract without the consent in writing of the Seller.

1.4 In relation to all obligations of the Buyer under these Conditions, the time of performance is of the essence.

1.5 The legal construction of these Conditions shall not be effected by their headings which are for convenience of reference only.

2 ORDERS

2.1 Notwithstanding that the Seller may have given a detailed quotation or estimate either verbally or in writing or otherwise shall be deemed to have entered into an order with the Seller unless and until it has been acknowledged in Writing by the Seller or the Goods are delivered or the Services are provided by the Seller to the Buyer pursuant to the order.

2.2 In order to avoid duplication of orders the Buyer shall be responsible for ensuring that any confirmation of an order previously placed is prominently marked as being a confirmation and not a new order. The Buyer acknowledges that any order or confirmation of order which is not so marked may be treated and accepted by the Seller as a new order to create a contract in addition to any Contract arising out of the previously placed order.

2.3 These Conditions are incorporated in the Contract and together with any matter set out in the Seller’s quotation or acceptance/acknowledgement of order contain all the obligations between the Seller and the Buyer. In the case of any inconsistency between any letter or quotation incorporating or referring to these Conditions and any order, letter or form of contract sent by the Buyer to the Seller, whatever may be their respective dates, the provisions hereof shall prevail. In the event of the Seller entering into the Contract without the Seller having submitted a written quotation or other document incorporating or referring to these Conditions but in circumstances where the Buyer has had prior notice of the Conditions then all Goods or Services supplied shall be subject to these Conditions.

2.4 No variation of the Contract by the Buyer shall be binding upon the Seller unless made in Writing and signed on behalf of the Seller. In the event of such variation the Buyer shall indemnify and keep indemnified the Seller in full against all loss, which term shall include (but without prejudice to the generally thereof) loss of profit, costs (including the cost of labour and materials), damages, charges and expenses incurred (directly or indirectly) by the Seller as a result of such variation.

2.5 Any representations (except fraudulent misrepresentations) or warranties made by or on behalf of the Seller prior to the Contract (whether verbally or in writing) are hereby expressly excluded and shall be of no effect.

3 DESCRIPTION

3.1 Any figures, statements, descriptions, illustrations, photographs, drawings, weights or any other matters contained in the Seller’s catalogues, pamphlets, price lists or advertising literature are not guaranteed to be accurate and are intended merely to represent a general picture of the Seller’s products and shall not form part of the Contract nor be regarded as a warranty or representation relating to the Goods or Services.

3.2 The Seller reserves the right to amend the specification of its products and services from time to time so that the descriptions thereof as set out in its catalogues, pamphlets, price lists or advertising literature may not be identical with those given in the Seller’s quotation and the Buyer is advised to check the specification set out in the Seller’s quotation before placing an order.

4 SPECIFICATIONS AND INTELLECTUAL PROPERTY

4.1 Where goods are supplied to the Buyer’s own specification, or where standard goods of the Seller are altered in accordance with the Buyer’s instructions the Buyer warrants and undertakes full responsibility for the suitability and fitness of the specification, pattern or design but also that such specification, pattern or design does not infringe any patent, trade mark, registered design, copyright or any other proprietary right of any third party and the Buyer shall indemnify and keep the Seller indemnified in full against all loss, damage or expense whatsoever (including costs) which the Seller may sustain or arise from the performance of the Contract by reason of any infringement of any such patent, trade mark, registered design, copyright or any other proprietary right.

4.2 The Seller reserves the right to change the Buyer’s specification as required to ensure that the Goods comply with the Goods catalogue, price lists or any other specification issued by the Seller and/or to impose upon the Buyer any liability whatsoever.

4.3 Unless otherwise agreed in writing, the Seller will be the sole owner of all inventions, formulae, tools, patterns, designs or other similar items and the copyright in all documents and drawings made or produced by it in preparing a quotation for the Buyer or in the course of work on any Contract with the Buyer.

5 QUOTATIONS

5.1 The Seller’s quotations are provisional in so far as they are subject to alteration by reference to any changes in the price of raw materials, any item to be acquired by the Seller from a third party, rates of wages, other costs of production and any other circumstances beyond the Seller’s control taking place between the date of the quotation and the Buyer’s placing of an order in respect thereof.

6 PRICE

6.1 The Seller shall be entitled to adjust the Contract price of the Goods or Services whether before or after the making of the Contract in the event of any variation in the cost to the Seller of supplying the same or any part thereof caused by:-

6.1.1 any increase in the cost of materials required by the Seller for the completion of the Contract; or  
6.1.2 any increase in wages or production and manufacturing costs or other overheads; or  
6.1.3 any other reason whatsoever beyond the control of the Seller including (but without prejudice to the generality of the foregoing) fluctuations in exchange rates between monetary currencies the action of any government or any other authority or any labour problems.

6.2 In the Seller’s absolute discretion, a Prepayment in respect of the Contract may be required by the Buyer set out in the Seller’s terms set out in this Condition. The Prepayment shall be as follows:-

6.2.1 in the event that the Contract is performed in full by both parties the Prepayment shall be retained by the Seller in reduction of the total price payable by the Buyer under the Contract;  
6.2.2 in the event that the Buyer is either in default of any of its obligations under the Contract or cancels or suspends the Contract in accordance with Condition 10 the Prepayment shall be set off by the Seller or (at the Seller’s discretion) due to the Buyer arising in connection with the default and/or cancellation or suspension.

6.3 Unless otherwise stated, the price set out in the Seller’s quotation includes the cost of packaging, carriage, and (save as provided in Condition 6.4) insurance. In respect of supplies of Goods in the United States of America, Canada and Japan the price also includes import duties and sales taxes (if any). In respect of supplies of Goods in other countries the price does include any local, state or other statutory requirement or provision and no such change by the Seller will constitute a breach of contract or impose liability on the Seller.

6.4 Where the Buyer requests a particular means of delivery, the price set out in the Seller’s quotation does not include insurance, which is to be arranged at the responsibility of the Buyer.

7 DELIVERY

7.1 Delivery of Goods shall be deemed to be effected by the Seller at the following times:

7.1.1 where Goods are collected by or on behalf of the Buyer by its servants or agents, or where Goods are collected...
10.1 If the Buyer shall commit any breach of the Contract and fail to remedy the same within 7 days of receiving the Seller's request in writing to do so, the Seller may (but shall not be bound to) take such steps as the Seller may think fit to enforce the performance of the Contract or any other of the Buyer's obligations under the Contract, or the Buyer may (but shall not be bound to) take such steps as the Buyer may think fit to enforce the performance of the Buyer's obligations under the Contract, and in either event shall be entitled to terminate the Contract forthwith and if the Goods or Services, non-conformity to description or partial loss or damage to Goods will be accepted by the Seller unless:-

11.1 The Goods are of a highly specialised nature and must be treated with care; the Buyer shall ensure that the Goods are stored and/or transported in a manner appropriate to their nature and condition; the Buyer shall provide the Seller with all information necessary to ensure the Goods are stored and/or transported in accordance with any instructions given by the Seller. Any inadequate or insufficient care taken by the Buyer in the storage and/or transportation of the Goods shall be the responsibility of the Buyer.

11.2 The Buyer shall inspect the Goods and carry out tests to ensure the Goods conform in all respects with the description of the Goods or Services in the Buyer's orders within 7 days of Delivery and whether or not the Buyer permits the Seller or its servants or agents full and free right of access to inspect the Goods and investigate the claim; and

11.2.2 the Goods in respect of which a claim is made together with all relevant documentation shall be returned to the Seller at the Buyer's own expense and risk. The Buyer shall not be entitled to commence a claim of any Goods or Services unless the Buyer has first issued a Goods return number and such number is specified in writing by the Seller.

11.2.3 if the Buyer fails to give the appropriate notice as specified above, the Seller shall be entitled to deem the Goods as having been waived and will be absolutely barred.

11.3 It is in all cases the responsibility of the Buyer to ensure by testing or otherwise that the Goods are fit for the purposes for which the Buyer requires them in the conditions in which they will be used. The Buyer acknowledges that the Seller shall not be under any liability of any description to the Buyer if the Goods prove to be unsuitable for whatever reason for applications or uses for which the Buyer requires them or which the Buyer may, at the request of the Buyer, have given in good faith technical or other advice in relation to the proposed application or use of the Goods and the Buyer shall indemnify the Seller in full against any and all liability of any description which the Buyer may suffer by reason of the Seller having advised the Buyer as to the suitability of the Goods for any particular purpose.

11.4 Section 3 Sale and Supply of Goods Act 1994 shall not apply.

12 WARRANTY

12.1 In substitution for all and any other rights which the Buyer might or would have had but for these Conditions and subject to Condition 11, and/or

10.1.2 suspend work on the Contract; and/or

10.1.3 determine the Contract forthwith and if the Goods or Services, or any part of them have been delivered but not paid for, the price shall become immediately due and payable notwithstanding any previous agreement to the contrary but without prejudice to the Seller's right to any unpaid price for Goods or Services delivered and paid for before the date of cancellation and the Buyer shall be entitled to damages (both direct and consequential) suffered in consequence of such determination.

10.2 If the Buyer requires cancellation of the Contract this will only be accepted at the sole discretion of the Seller and unless otherwise agreed in writing only upon condition that any costs, charges or expenses (both direct and consequential) incurred by the Seller up to the date of cancellation and the value of all or any part of the Goods (both direct and consequential) incurred by the Buyer by reason of such cancellation will be reimbursed by the Buyer to the Seller. Acceptance by the Seller of any cancellation by the Buyer will only be binding upon the Seller if it is made in writing.

10.3 In the event of the Seller other than in any of the circumstances set out in Condition 10.1 being prevented or hindered from completing the Contract either wholly or in part in accordance with the terms thereof for any reason whatsoever beyond its reasonable control which, for the avoidance of doubt and without prejudice to the generality of the foregoing, shall include governmental action, war, riot, civil commotion, fire, flood, epidemic, labour disputes (including labour disputes involving the work force or any part thereof of the Seller or Supplier), requisitions or delays affecting shipping or carriage, licensing, exporting or importing restrictions, currency restrictions and Acts of God then further performance of the Contract shall be suspended for the period during which the Seller is so prevented or provided that in the event of the Contract being suspended for a continuous period of more than 3 months then either party may give the other notice in writing to terminate the Contract forthwith and in such circumstances the Seller shall be liable for any direct and consequential loss or damage (both direct and consequential) suffered by the Buyer as a result of the Seller's inability to perform its obligations under the contract in these circumstances.

10.4 The Seller's rights contained in Condition 17 (but not the Buyer's rights) shall continue beyond the discharge of the parties' primary obligations under the Contract consequent upon its termination.

10.5 The termination of the Contract for whatever reason will be without prejudice to the rights and duties of either party accrued prior to termination.

8 QUANTITIES INSTALMENTS AND STORAGE

8.1 Where Goods are delivered or Services are by instalment each instalment shall be deemed to be delivered under a separate Contract and the party in default in respect of any instalment shall be liable accordingly, but no default in respect of any one instalment shall effect due performance of the Contract as regards other instalments.

8.2 The Seller will endeavour to deliver the quantity of Goods ordered and every delivery shall be deemed to comply with the order. If there is a surplus of Goods which is no more than 10% of the quantity specified in the order the Buyer shall be deemed to have accepted the Goods.

8.3 If Goods or Services are to be delivered by instalments, the Seller shall be entitled to invoice each instalment as and when delivery is made and delivery of all delivered instalments shall be due notwithstanding the non-delivery of other instuments or other default by the Seller. If the Buyer fails to pay for the Goods for the due date for any instalment for whatever reason shall entitle the Seller to suspend delivery of Goods or provision of Services under the Contract but without prejudice to any other right the Buyer may have under any of the other provisions of these Conditions.

8.4 Notwithstanding that risk shall have passed to the Buyer pursuant to Condition 7 the Seller may in its absolute discretion arrange for storage of the Goods either at the request of the Buyer or as a result of the failure by the Buyer to take delivery of the Goods under Condition 7. The Seller may insures the goods whilst in storage and the Buyer shall indemnify and keep the Seller in full against all costs, losses, damages and expenses whatsoever arising in connection with such storage provided for the benefit of the Buyer and such costs, losses, damages and expenses will be added to and form part of the price of the Goods.

8.5 Unless otherwise agreed between the Buyer and the Seller, the Seller shall be entitled in its absolute discretion and without giving prior notice to the Buyer at the expiration of 3 months to sell or otherwise dispose of Goods kept in storage as provided in Condition 8.4.

9 TERMS OF PAYMENT

9.1 Unless otherwise agreed the price shall be due and payable at the Seller's offices 30 days after the date of the Seller's invoice.

9.2 If the Buyer does not pay the whole or any part of the price on the due date then the Buyer shall pay to the Seller on request interest on the outstanding amount from the due date to the actual date of payment at the rate of 2% p.a. over the base rate of Barclays Bank plc from time to time in force which shall accrue on a daily basis.

9.3 Condition 12 shall apply in the event of any alleged defect or failure in or of the Goods or Services and the Buyer shall not delay or refuse to make payment in any such event.

9.4 The Buyer shall not be entitled to withhold payment of any amount due to the Seller by reason of any dispute alleged by the Buyer in connection with the Contract or the Seller any amount which is not then due and payable by the Seller or for which the Seller disputes liability.

9.5 All payments payable to the Seller under the Contract shall become due and payable notwithstanding any previous agreement to the contrary but without prejudice to the Seller's right to any unpaid price for Goods or Services delivered and paid for before the date of determination of the Contract either wholly or in part in accordance with the terms thereof for any reason whatsoever beyond its reasonable control which, for the avoidance of doubt and without prejudice to the generality of the foregoing, shall include governmental action, war, riot, civil commotion, fire, flood, epidemic, labour disputes (including labour disputes involving the work force or any part thereof of the Seller or Supplier), requisitions or delays affecting shipping or carriage, licensing, exporting or importing restrictions, currency restrictions and Acts of God then further performance of the Contract shall be suspended for the period during which the Seller is so prevented or provided that in the event of the Contract being suspended for a continuous period of more than 3 months then either party may give the other notice in writing to terminate the Contract forthwith and in such circumstances the Seller shall be liable for any direct and consequential loss or damage (both direct and consequential) suffered by the Buyer as a result of the Seller's inability to perform its obligations under the contract in these circumstances.

9.6 The Seller's rights contained in Condition 17 (but not the Buyer's rights) shall continue beyond the discharge of the parties' primary obligations under the Contract consequent upon its termination.

9.7 The termination of the Contract for whatever reason will be without prejudice to the rights and duties of either party accrued prior to termination.

11 INSPECTION AND CLAIMS FOR DEFECTS

11.1 The Goods are of a highly specialised nature and must be treated with the utmost care. It is essential that the Buyer checks that the Goods correspond in all respects with the Seller's description and specification. Any discrepancies should be notified to the Seller immediately. The Buyer undertakes to ensure that all Goods are unopened and handled only by persons qualified to deal with such specialised products, to safeguard against injury to the Goods or to the Buyer or its employees or visitors by any of the Goods.

11.2 The Buyer shall inspect the Goods and carry out tests to ensure the Goods conform with the description of the Goods or Services in the Buyer's orders within 7 days of Delivery and whether or not the Buyer carries out such inspection to inspect and test no claims for non-delivery, shortages, non-conformity of quantity of units delivered, defective Goods or Services, non-conformity to description or partial loss or damage to Goods will be accepted by the Seller unless:-

11.2.1 they are notified in writing by the Buyer to the Seller within 10 days after the Date of Delivery (in the case of partial loss, damage, non-conforming or defective Goods or Services) or 14 days after the date of the invoice (in the case of non-delivery);

11.2.2 the Goods in respect of which a claim is made together with all the relevant packing and any intact as received for a period of 35 days from notification of any such claim and the Buyer permits the Seller or its servants or agents full and free right of access to inspect the Goods and investigate the claim; and

11.2.3 if the Buyer fails to give the appropriate notice as specified above, the Seller shall be entitled to deem the Goods as having been waived and will be absolutely barred.

11.3 It is in all cases the responsibility of the Buyer to ensure by testing or otherwise that the Goods are fit for the purposes for which the Buyer requires them in the conditions in which they will be used. The Buyer acknowledges that the Seller shall not be under any liability of any description to the Buyer if the Goods prove to be unsuitable for whatever reason for applications or uses for which the Buyer requires them or which the Buyer may, at the request of the Buyer, have given in good faith technical or other advice in relation to the proposed application or use of the Goods and the Buyer shall indemnify the Seller in full against any and all liability of any description which the Buyer may suffer by reason of the Seller having advised the Buyer as to the suitability of the Goods for any particular purpose.

11.4 Section 3 Sale and Supply of Goods Act 1994 shall not apply.

11.5 The Seller will not accept the return of Goods in any circumstances unless it has first issued a Goods return number and such number is quoted with the returned Goods.

12 WARRANTY

12.1 In substitution for all and any other rights which the Buyer might or would have had but for these Conditions and subject to Condition 11,
14.4 The Seller will have the right to maintain an action against the Buyer for the price of the Goods notwithstanding that property in the Goods remains in the Seller or any of its agents, and nothing herein contained shall affect the rights of retention of title which the Seller may have under the Goods Act 1979.

15 RISK AND INSURANCE

15.1 The risk in the Goods shall pass to the Buyer at the time of delivery as provided for in Condition 7.

15.2 Notwithstanding the reservation of title contained in Condition 14, the Buyer shall insure the Goods and/or any products made wholly or partly therefrom for the full amount of the purchase price payable under the Contract and the Seller’s insurance office of receipts from the time of delivery of the Goods until the date title in the Goods passes to the Buyer pursuant to Condition 14.1.

16 EXPORT TERMS

16.1 In these Conditions "Incoterms" means the international rules for the interpretation of trade terms of the International Chamber of Commerce as in force at the date when the Contract is made. Unless the context otherwise requires, any term or expression which is defined in or given a particular meaning by the provisions of Incoterms has the same meaning in the Contract.

16.2 Where the Goods are supplied for export from the United Kingdom then unless otherwise agreed in writing between the Buyer and the Seller:

16.2.1 the provisions of Incoterms shall (subject to any special terms agreed in writing between the Buyer and the Seller) apply if there is any conflict between the provisions of Incoterms and these Conditions, the Seller’s Conditions shall prevail;

16.2.2 the Buyer shall be responsible for complying with any legislation or regulations governing the importation of the Goods into the country of destination (save in respect of the United States of America, Canada and Japan) for the payment of any duties and taxes thereon unless for payment of these is included in the Contract.

16.2.3 the Buyer shall be deemed to have satisfied itself that such Goods comply with the safety regulations of any country or state in which the Goods are to be used outside the United Kingdom and the Seller shall indemnify and keep indemnified the Seller in full for any loss or damage whatsoever which the Seller may incur if such Goods do not comply with such safety regulations.

16.3 The Goods shall not be used in any country other than that for which the Seller was aware they were originally ordered without the Seller’s consent in writing.

16.4 The Buyer undertakes not to offer the Goods for resale in any country notified by the Seller or before the time the Buyer’s order is placed, or to sell the Goods to any person if the Seller has reasonable cause to believe that person intends to resell the Goods in any such country.

17 BUYER’S WARRANTIES

17.1 The Buyer warrants to the Seller that:

17.1.1 the Buyer will install, operate or otherwise use or store the Goods strictly in accordance with the Recommendations for Use; and

17.1.2 any collection vehicle, container, ship or other means of transport provided by the Buyer or any agent of the Buyer will comply with all relevant regulations and legislation relating to health and safety requirements.

17.2 The Buyer shall indemnify and keep indemnified the Seller in full for any loss or damage whatsoever (howsoever caused) arising directly or indirectly from any breach of the warranty contained in Condition 17.1.

18 SEVERANCE

18.1 If at any time any one or more of the provisions or part thereof of these Conditions becomes or is held invalid, illegal or unenforceable in any respect under any law or is held to be invalid, illegal or unenforceable, the validity and enforceability of the remaining provisions thereof and the remainder of such provision shall not in any way be affected or impaired thereby.

19 JURISDICTION

19.1 These Conditions and each and every Contract made pursuant to them shall be governed by and construed in accordance with the laws of England and the Seller and the Buyer hereby agree to submit to the non-exclusive jurisdiction of the English Courts.

20 NOTICES

20.1 Any notice required or permitted to be given by either party to the other under these Conditions shall be in writing addressed to that party at the place at which the notice is left or to which such notice is otherwise sent by post, that the envelope containing the same was properly sealed and posted in the post in and, in the case of facsimile transmission, that it was properly addressed and successully transmitted.

20.2 If delivered by hand, on the first Business Day following delivery;

20.3 If sent by post, on the third Business Day after posting if the address of the recipient is in the country of the sender, otherwise on the seventh Business Day after posting;

20.4 If sent by facsimile transmission, on the first Business Day following successful transmission.

20.5 In proving service it shall be sufficient proof in the case of a notice sent by post, that the envelope containing the same was properly stamped, addressed and placed in the post and, in the case of facsimile transmission, that it was properly addressed and successfully transmitted.

20.6 In this Condition 20, “Business Day” shall mean any day other than Saturday, Sunday or any other day which is a public holiday in the place at which the notice is sent in or to which such notice is otherwise sent.

21 WAIVER

21.1 Any waiver by the Seller of any breach of any of these Conditions by the Buyer or any neglect by the Seller to enforce any of these Conditions shall not constitute a waiver of any other breach by the Buyer of these Conditions, or of the same or any other breach by the Buyer of these Conditions.
21.1 No waiver by the Seller of any breach of any provision of the Contract by the Buyer shall be considered as a waiver of any subsequent breach of the same or any other provision and the Seller shall not be prejudiced by any forbearance or indulgence granted by it to the Buyer.
Polyethersulfone

Common Brand Names: Ultrason E, Victrex PES

General Description: An amorphous, transparent and pale amber high performance thermoplastic with the characteristics common to this group - see PEEK. It has a slightly higher temperature resistance than PEI (but less than PEEK) and is the most temperature resistant transparent commercially available thermoplastic. It has a relatively high water absorption and, in common with many other plastics, drying is essential before e.g. thermoforming. It has poor fatigue characteristics and is prone to environmental stress cracking but has good long term thermal ageing resistance and reasonable radiation resistance. Its chemical resistance is not as wide as PEEK's; hence stable solutions can be made if solvents are correctly chosen.

Applications include electrical and electronic components, medical etc. equipment that needs repeated sterilization and photographic accessories.
