CONFLICT MINERALS STATEMENT

In compliance with

- the U.S. conflict minerals regulation, established under Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010), targets the prevention of armed groups' financing in the Democratic Republic of Congo (DRC) and neighbouring countries

and

- The EU Conflict Minerals Regulation (EU) 2017/821, mandating responsible sourcing practices for importers and aligning with the OECD's Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas

as a downstream supplier of Tantalum, Tin, Tungsten and Gold, also known as 3TG, GOODFELLOW is committed to the responsible sourcing of materials, and we strive to interact with partners who share these values.

Our suppliers are expected to perform similar due diligence on their own supply chains in order to provide reliable responses to GOODFELLOW's supplier questionnaire that will be used for GOODFELLOW's Conflict Minerals reporting and compliance.
